This Neighbourhood Plan gives people who live in the Parish of New Milton the opportunity to shape the future of our Town. It gives our community the ability to decide: where we want new homes, shops, offices; to influence the infrastructure to support new homes and more people; and to create policies for local development.

By taking control, we can influence the way New Milton develops and ensure a strong and sustainable future for our Town.

Every household in the Parish of New Milton is asked to review the Pre-Submission Plan available to view at [www.newmiltonplan.org.uk](http://www.newmiltonplan.org.uk) and provide any comments before the Consultation closes on 15th May, 2018. A paper copy is available at New Milton Library and at the Town Hall for review on-site. Drop-in events are being held around the Town.

**Affordable homes • Town Centre regeneration • Local infrastructure**

**All feedback to be provided by Tuesday 15th May**

If you do not receive the Comment Form:
