Dear Resident(s),

### Footpath Improvement Works in New Milton

I am writing to inform you that footpath improvement works will shortly be taking place in New Milton – please see indicative map below – on parts of Footpaths 705b and 728 plus other paths near Ballard Lake and Ballard Water Meadow to help improve access for all footpath users.

This work is being carried out by Hampshire County Council Countryside Access Team in conjunction with New Forest District Council as part of their 'Green Way' project and will mainly involve resurfacing sections of path, clearing some associated vegetation and upgrading barriers and signage along these routes.

Director of Culture, Communities and Business Services  
**Karen Murray**

This work is likely to start around mid-October and is expected to take approximately 9 weeks. Due to the nature of the work, sections of footpath will be closed whilst work is taking place, but we aim to keep disruption to a minimum and will only apply path closures when necessary.

We thank you in advance for your cooperation and if you have any questions or comments please do not hesitate to contact me.

Yours sincerely,

Esther Smeardon  
Project Officer  
Countryside Access Team (South)
