

Stay Safe!

Many young people in New Milton and the surrounding area have been very **concerned** and **threatened** by the small minority of people using illegal substances or even dealing. If you happen to **witness** the dealing of drugs, you can **immediately and anonymously** report this to the police using the **999** number. If you have any information on **anti-social or threatening behaviour** that is not an emergency, you can pass that info on via the **101** number.

Again, **there is no need to give your name.**

Lets keep New Milton a safe place to Live, Work and Play!

What you said in the youth survey...

Along with the youth workshops, we have been able to consult around 150 young people about what they would like to see in a youth centre. A lot of young people said they would like to learn how to cook, so we will try to put on some cooking lessons. Find more of what you said at the Youth Council tent at the Youth Festival.
